

Upgrade Your Systems to Infor Lawson Version 10

Planning your next Infor Lawson software upgrade and wondering where you can find the specialized skills necessary to be successful – Analysts can help.

We are a Certified Infor Lawson Upgrade Partner with a proven record of successfully assisting organizations with their upgrades since 1995.

Cost Effective, Fast, High Quality Approach

Let us help plan your next upgrade and project budget. We have proven methodologies to accomplish the prerequisites, including:

- Infor Smart Office
- Workspace
- Infor Process Automation
- Infor Lawson Business Intelligence
- Infor Security Services

New Technologies, Proven Methodologies

- Landmark
- ION

- Platform migration
- Industry best practices
- LDAP authentication methods

Experienced Staff

Our certified Infor Lawson System Foundation system engineers have the skills to install and upgrade Lawson System Foundation and Landmark infrastructures on the platform(s) that are the most cost-effective.

Our project managers and application consultants can assist with implementation of new applications and assessing best practice approaches.

Our developers, the technical code experts, have the knowledge, ability,

and practical experience required to upgrade your custom modifications and interfaces to be compatible with the latest Infor Lawson versions.
